

Hello Everyone:

We got off to rough start but the way things are going there is a light at the end of the tunnel. We are coming together as each day passes and that's a good feeling. We have hired Clay Harmon as our Administer to help our community get caught up with our funding short falls. He is getting all the reports that weren't done. Dieter was also hired to help us get 2011/2012 audit done. So things are coming together and things are looking good. There is a community meeting in September possibly the last week. This will be the time a report on our progress on where we are to date. We as Council have had a few meetings and came out working together on how we can go forward. I will be listening to each one of your concerns and discussion them with the rest of Council and hopefully finding a solution. I have gone to two meetings outside of the community since I had been elected the first one was the health meeting in Van. And there was a lot of talk about the regional direction set out by the government. This doesn't set well with a lot of people so there will be more meetings on this. The second meeting was in Muskoday Sack. Lands Advisory Meeting July 0 4/05 2012. This was when I was informed that our community was receiving \$204000.00 plus \$75000. This was told to the lands people in a meeting in Ottawa last October. When the accountant told me this I was surprised that we weren't notified of this. Oh well we know now so we can start having meetings and start planning on the direction we are going to take to make our Land Code.

I'd like to wish everyone a great summer and for those that are having birthdays this summer happy birthday.

These are few special people in my Family that are having or have had a birthday. LLace. July 26

Keelin. August 16 big #1

Taylynn. August 25 big #4

Taryn. September 08. Oh and congrats on passing your level 3 First Aid

Yharrow. September 25 big #6

Taise. October 05 big #8

Have a good time at the river hope you get what you need for the year.

Be seeing everyone at the meeting. Just in case you need to talk on our concerns call me 250-256-1900. 250-457-6723. or email me at rshintah@tskwaylaxw.com

Take care see down the river

Robert Shintah
